Date: February 27, 2012
Subject: Proposition 1B Transit Security Grant Program – On-Board Cameras

The Issue

Shall the City of Auburn apply for transit security grant funds available through the California Emergency Management Agency?

Conclusion and Recommendation

Staff recommends, BY RESOLUTION, authorize the City Manager and/or Director of Public Works to submit and execute on behalf of the City of Auburn a grant application for the California Transit Security Grant Program.

Background

The Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006 was approved by the California voters as Proposition 1B at the November 6, 2006 general election. Proposition 1B included \$1 billion for the Transit Security and Safety Account. Placer County Transportation Planning Agency (PCTPA) received the published estimated amounts for the fiscal year 2011-12. The PCTPA Board at their October 26, 2011 board meeting approved the fund allocation by jurisdiction for the 2011/12 Transit System Security and Disaster Response Account.

The California Emergency Management Agency (CalEMA) is administering the grant funds. Funds shall be available for capital projects that provide increased protection against a security and safety threat for transit operators.

The Transit Division decided to pursue the eligible grant funds for on-board cameras for the Auburn Transit buses to ensure security and safety on-board the vehicle. Staff received notification of project eligibility on February 1, 2012 and now must submit the grant assurances, governing body resolution and the authorized agent form to continue process the grant application.

Alternatives Available to Council; Implications of Alternatives

1. Proceed with Staff Recommendation
2. Do not proceed with staff recommendation

Fiscal Impact

Staff is recommending that \$8,301 is added as revenue to the Transit Fund (Fund 27) once funds are received from the state. Staff had previously applied and awarded for funding from CalEMA in the amount of \$11,121 for on-board security cameras, but the grants funds have not been received from the State. The project is estimated at \$19,422 which is fully funded by awarded grants, but will not proceed until the funds are received from the State.
